Accessibility Policy/Plan

Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Is to identify how the school meets the needs of disabled children in response to the [Special Educational Needs and Disabilities Code of Practice 2014: 0 to 25 years](#)
- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind. Our values underpin everything we do and our vision starts with the phrase 'include everyone'.

This plan is available on the school website and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan. Telford and Wrekin Council has published a draft Accessibility Strategy in which it promotes better access for disabled pupils at school. The council requires consultation with key stakeholders, including schools, parents, children and young people and council services. Consultation will include representation from disabled people. All schools have regard to this draft Accessibility Strategy and will use it to inform their Disability Equality Scheme and Accessibility Plan that shows how, over time, access to education for disabled pupils will be improved.

Our school's complaints procedure covers the accessibility plan, so if there are any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents, staff and governors

Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disabilities Code of Practice 2014: 0 to 25 years](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer. Further information on Special Education Needs can be found in our school SEN Information Report.

Windmill Primary has adopted this accessibility plan in line with the school's **Special Educational Needs and Disabilities policy** with the aim of ensuring that our school is socially and academically inclusive, that all pupils have access to a full curriculum, and that all pupils are appropriately challenged.

Our **Special Educational Needs and Disabilities policy** outlines the school's provision for supporting pupils with special educational needs and disabilities (SEND), and the school's **publication of equality information and objectives** explains how we ensure equal opportunities for all our students, increased access to the curriculum, physical access to the school and access to information particular to students with SEND. This accessibility plan provides an outline of how the school will manage this part of the SEND provision.

Please refer to our **Special Educational Needs and Disabilities policy** for an outline of our full provision to support pupils with SEND.

The Action Plan on the following pages is based on our current assessment of accessibility for pupils with SEND. It sets out priorities across the school in a number of areas and the relevant timescales for action to increase accessibility for pupils with SEND. Progress on these measures will be updated annually and reported to the governing body.
